INDUSTRIAL INFRA DEVELOPERS

About Us

Who we are, what we stand for

Who we are

Bharani Engineers & Contractors was set up to offer professional civil construction and design services. An experienced management team and a seasoned technical workforce deliver design, contracting and construction management as each client requires.

We take up challenging projects across factories, warehouses, commercial complexes, hotels, office buildings and villas. We also specialise in **post-tensioning** for buildings and civil structures, and in **large structural steel fabrication** for the growing infrastructure industry.

We ensure every project is executed with

1. **Skilled professionals**
   Dedicated, trained people on every site.
2. **Strict quality control**
   Stage-wise checks and timely completion.
3. **Transparent communication**
   Clear updates throughout the project.
4. **Long-term value**
   Reliable structures built to last decades.

Our vision

To be the most trusted industrial infra developer in South India, known for safe sites, honest pricing and structures that outlast their design life.

Our mission

To deliver every project on time and to specification by planning in detail, communicating clearly and supervising quality at site, so every client comes back for the next one.

What we stand for

- **01 Safety** — Extreme precaution with every structure.
- **02 Integrity** — Fair rates, honest scope, no surprises.
- **03 Quality** — Checks before every next activity.
- **04 Commitment** — We stay until the work is accepted.
- **05 People** — Our people power our progress.
- **06 Ambition** — Every success is a foundation for more.

How we execute

1. Plan in detail: schedule and resources built around the client's expectations
2. Communicate openly with every project stakeholder
3. Supervise quality at site, every day
4. Finish on time: handover on the agreed date

Our Services

Ten service lines, one accountable team

01 Flooring

Floors that carry forklifts, machines and daily traffic without cracking.

- Trimix flooring
- Epoxy flooring
- PU (polyurethane) flooring
- Paver block flooring
- Polished concrete flooring
- Industrial tiles

02 Roofing

Weather-tight roofs for sheds, plants and warehouses, in every common system.

- PPGI
- PUF panels
- Polycarbonate
- RCC slab
- Metal deck
- Steel truss

03 PEB

Pre-engineered steel buildings designed, fabricated and erected for speed.

- Clear span
- Multi span
- Crane system
- Mezzanine floor
- Office block
- Mono slope
- Gable roof

04 Painting

Protective and decorative coatings for plants, steel and roads.

- Water paint
- Enamel
- Fire retardant
- Cement paint
- Road marking
- Anti-corrosive

05 Civil

Foundations to finishes: all the civil work a plant needs, from one team.

- Excavation
- Foundation
- RCC works
- Masonry
- Plastering
- Flooring
- Roads
- Storm water drains

06 Interior

Offices, canteens and control rooms fitted out ready to use.

- False ceiling
- Partition
- Wall finish
- Interior floors
- Doors and windows
- Furniture and carpentry
- Plumbing and pantry

Plants and utilities

07
Effluent treatment plant
Civil and tank works for ETP units.

08
Sewage treatment plant
STP construction for industries and apartments.

09
Underground tank
RCC sumps and water tanks sized to your demand.

10
Fire hydrant
Hydrant network and yard piping installation.

Projects we execute

PEB buildings | RCC buildings | Toilet blocks | Mezzanine floors | Compound walls | BT roads
